

## Pixelworks Reports First Quarter 2022 Financial Results

May 10, 2022

*Mobile Revenue Increased 40% Year-over-Year, with Sales of Mobile Visual Processors Reaching a Quarterly Record*

PORTLAND, Ore., May 10, 2022 /PRNewswire/ -- Pixelworks, Inc. (NASDAQ: PXLW), a leading provider of innovative video and display processing solutions, today announced financial results for the first quarter ended March 31, 2022.

### First Quarter and Recent Highlights

- Total revenue increased 79% year-over-year with strong growth across all target end markets
- Mobile revenue included another consecutive quarterly record for hardware-based sales of mobile visual processors, reflecting expanded customer adoption and the ramp of new programs at targeted mobile OEMs
- OPPO launched its newest flagship Find X5 series, comprised of three smartphone models, each utilizing Pixelworks' software and patented high-efficiency color and brightness calibration technology
- HONOR Magic4 series launched with two models in the series becoming the first HONOR smartphones to incorporate Pixelworks technology, and each leveraging Pixelworks' X5 Plus advanced visual processor
- OPPO affiliate launched the realme GT Neo3, the first realme smartphone to incorporate Pixelworks technology and the first ever smartphone built on MediaTek platform to feature a Pixelworks visual processor, the X5 series
- vivo launched the iQOO Neo6, its latest premium smartphone designed for high-performance mobile gaming and incorporating Pixelworks' X5 Plus visual processor to deliver a highly differentiated visual experience
- Pixelworks confirmed as a Unity Verified Solutions Partner (VSP), making an optimized version of Pixelworks' Rendering Accelerator SDK available to developers that utilize Unity's industry-leading gaming engine platform
- OnePlus Ace smartphone launched with multiple cutting-edge technologies, including Pixelworks' X5 Plus visual processor together with MediaTek's Dimensity 8100-MAX flagship-light 5G mobile platform
- Announced expansion of TrueCut® Motion ecosystem, with Pixellogic joining as certified service partner and to offer TrueCut Motion post-processing capabilities for future theatrical and streaming films and releases

"The first quarter represented a great start to 2022 with strong year-over-year growth, driven by expanded adoption of our mobile visual processors and an ongoing recovery in the projector market," stated Todd DeBonis, President and CEO of Pixelworks. "Gross margin for the quarter exceeded expectations, and when combined with well-managed operating expenses, contributed to bottom-line results that were at the high-end of guidance.

"Our mobile growth strategy, including the alignment of our visual processing solutions with key market trends, continues to gain tangible momentum, particularly related to high frame rate mobile gaming. During the quarter, HONOR became our third tier-one mobile OEM customer with the launch of the HONOR Magic4 series, including multiple models that incorporate our X5 Plus visual processor. Additionally, we announced our first win with OPPO's realme brand on the realme GT Neo3, which also represented the first-ever smartphone built on MediaTek's Dimensity platform to incorporate our visual processor. Having established a recognized position with leading mobile OEMs as an enabler of differentiated visual quality and performance on smartphones, we are continuing to aggressively cultivate expanded partnerships and a more synergistic ecosystem in support of driving accelerated adoption. As a notable example, we recently advanced our collaborative ecosystem engagement with Unity Technology to become designated as a Unity VSP, making Pixelworks' high frame rate rendering accelerator readily available to leading mobile game developers and studios that utilize Unity's gaming engine platform.

"Looking to the second quarter, we are well positioned with robust bookings and have secured allocation of supply in support our expectations for continued growth."

### First Quarter Fiscal 2022 Financial Results

Revenue in the first quarter of 2022 was \$16.6 million, compared to \$16.6 million in the fourth quarter of 2021 and \$9.3 million in the first quarter of 2021. The year-over-year increase in first quarter revenue reflected strong growth across all of the Company's target end markets.

### **Non-GAAP Financial Measures**

*This earnings release makes reference to non-GAAP gross profit margins, non-GAAP operating expenses, non-GAAP net loss and non-GAAP net loss per share, which exclude amortization of acquired intangible assets and stock-based compensation expense which are required under GAAP as well as the tax effect of the non-GAAP adjustments and the impact of non-GAAP adjustments to redeemable non-controlling interest. The press release also makes reference to and reconciles GAAP net loss and adjusted EBITDA, which Pixelworks defines as GAAP net loss attributable to Pixelworks Inc. before interest income and other, net, income tax provision (benefit), depreciation and amortization, as well as the specific items listed above.*

*Pixelworks management uses these non-GAAP financial measures internally to understand, manage and evaluate the business and establish its operational goals, review its operations on a period-to-period basis, for compensation evaluations, to measure performance, and for budgeting and resource allocation. Pixelworks management believes it is useful for the Company and investors to review, as applicable, both GAAP information and non-GAAP financial measures to help assess the performance of Pixelworks' continuing business and to evaluate Pixelworks' future prospects. These non-GAAP measures, when reviewed together with the GAAP financial information, provide additional transparency and information for comparison and analysis of operating performance and trends. These non-GAAP measures exclude certain items to facilitate management's review of the comparability of our core operating results on a period-to-period basis.*

*Because the Company's non-GAAP financial measures are not calculated in accordance with GAAP, they may not necessarily be comparable to similarly titled measures employed by other companies. These non-GAAP financial measures should not be considered in isolation or as a substitute for the comparable GAAP measures and should be read only in conjunction with the Company's consolidated financial results as presented in accordance with GAAP. A reconciliation between GAAP and non-GAAP financial measures is included in this earnings release which is available in the investor relations section of the Pixelworks' website.*

### **Safe Harbor Statement**

*This release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements may be identified by use of terms such as "begin," "continue," "will," "expect," "believe," "anticipate" and similar terms or the negative of such terms, and include, without limitation, statements about the Company's businesses, including market movement and demand, the momentum of our mobile growth strategy, efforts to expand partnerships and adoption rates, bookings, and supply allocation. All statements other than statements of historical fact are forward-looking statements for purposes of this release, including any projections of revenue or other financial items or any statements regarding the plans and objectives of management for future operations. Such statements are based on management's current expectations, estimates and projections about the Company's business. These statements are not guarantees of future performance and involve numerous risks, uncertainties and assumptions that are difficult to predict. Actual results could vary materially from those contained in forward looking statements due to many factors, including, without limitation: our ability to execute on our strategy; competitive factors, such as rival chip architectures, introduction or traction by competing designs, or pricing pressures; the success of our products in expanding markets; current global economic challenges; changes in the digital display and projection markets; seasonality in the consumer electronics market; lack of adoption of our TrueCut Motion platform; our efforts to achieve profitability from operations; our limited financial resources; our ability to attract and retain key personnel; and the impact of the COVID-19 pandemic on our business and on our suppliers and customers. More information regarding potential factors that could affect the Company's financial results and could cause actual results to differ materially from those discussed in the forward-looking statements is included from time to time in the Company's Securities and Exchange Commission filings, including its Annual Report on Form 10-K for the year ended December 31, 2021, as well as subsequent SEC filings.*

*The forward-looking statements contained in this release are as of the date of this release, and the Company does not undertake any obligation to update any such statements, whether as a result of new information, future events or otherwise.*
