PROXY STATEMENT
2006 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 23, 2006
THE MEETING

Purpose, Date, Time and Place Information

The enclosed proxy is solicited on behalf of the Board of Directors of Pixelworks, Inc. ("Pixelworks" or "Company"), an Oregon corporation. This proxy is for use at Pixelworks' 2006 Annual Meeting of Shareholders (the "Annual Meeting") or any postponement or adjournment of that meeting. The Annual Meeting will be held at 12:30 p.m. Pacific Daylight Time, on Tuesday, May 23, 2006, at our principal executive offices, 8100 SW Nyberg Road, Tualatin, Oregon, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This proxy statement and the proxy, which are accompanied by a copy of our 2005 Annual Report, are being first mailed or otherwise delivered to shareholders on or about April 20, 2006. Shareholders who owned Pixelworks' common stock at the close of business on March 24, 2006 are entitled to receive notice of, attend and vote at the Annual Meeting. On March 24, 2006, there were 47,531,259 shares of Pixelworks' common stock issued and outstanding.

Voting and Revocability of Proxy

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented by the proxy will be voted in accordance with the instructions marked on the proxy. In the absence of voting instructions, the shares will be voted:

- For the nominees for Director listed in these materials and on the proxy;
- For the adoption of the 2006 Stock Incentive Plan; and
- For the ratification of KPMG LLP as Pixelworks' independent registered public accounting firm for the current fiscal year.

Pursuant to NASDAQ rules, a broker may not vote on the adoption of, or material amendment to, an equity compensation plan without instruction from the beneficial owner of the shares. With respect to the equity compensation plan proposal to be voted upon, abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting, but are not counted and have no effect on the determination of whether a plurality exists for approval of the proposal.

The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting of Shareholders that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the proxy will be voted upon such matters as determined by a majority of the Board of Directors.

Any person giving a proxy in the form accompanying this Proxy Statement has the power to revoke it at any time before its exercise. The proxy may be revoked by filing with the Secretary of the Company an instrument of revocation or a duly executed proxy bearing a later date. The proxy may also be revoked by voting in person at the Annual Meeting. A shareholder who attends the Annual Meeting, however, is not required to revoke the proxy and vote in person. All valid, unrevoked proxies will be voted at the Annual Meeting in accordance with the instructions given.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

Solicitation

The cost of soliciting proxies will be borne by the Company. In addition to use of mail, proxies may be solicited by Directors, officers and employees of the Company, who will not be specially compensated for such activities. Such solicitations may be made personally or by mail, e-mail, facsimile, telephone or messenger. The Company will request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. The Company will reimburse these fiduciaries, custodians and brokerage houses for their reasonable expenses incurred in connection with that request.

INFORMATION ABOUT OUR BOARD OF DIRECTORS

Board of Director Meetings

Regular meetings of our Board of Directors are generally held four times per year, and special meetings are scheduled as necessary. The Board held 13 meetings in 2005. No incumbent Director attended fewer than 75 percent of the aggregate of all meetings of the Board of Directors and the committees of which the Director was a member during the year. Our independent Directors meet separately in executive session without any members of management present on a regular basis. We have adopted a policy that requires a majority of Directors to attend the Annual Meeting. A majority of our Directors attended the 2005 Annual Meeting.

The Board of Directors has adopted Corporate Governance Guidelines, which can be found on our website at www.pixelworks.com. Under our Corporate Governance Guidelines, Directors are expected to exercise their best judgment, to act in what they reasonably believe to be the best interests of the Company and its shareholders, including preparing for, attending and participating in meetings of the Board and committees of which the Director is a member.

Standing Committees of the Board

Audit Committee. The Audit Committee has the authority and power to act on behalf of the Board of Directors with respect to the appointment of our independent registered public accounting firm and with respect to authorizing all audit and other services performed for us by our independent registered public accounting firm. The Board has adopted a written charter for the Audit Committee. A copy of the Charter of the Audit Committee is attached to this proxy statement as Exhibit A. The Audit Committee, among other matters, reviews and discusses with management and the Company's independent registered public accounting firm the Company's audited financial statements, and the effectiveness of the accounting and financial controls of the Company. See "Audit Committee Report" below. The Audit Committee consists of C. Scott Gibson (chairman), Mark Christensen, and Frank Gill, all of whom are independent Directors as defined by the applicable rules of the Securities and Exchange Commission (the "SEC") and NASDAQ. The Audit Committee met seven times in 2005.

Compensation Committee. The Compensation Committee has the authority and power to act on behalf of the Board of Directors with respect to all matters relating to the employment of senior officers by the Company, including approval of compensation, benefits, incentives and employment contracts. See "Compensation Committee Report on Executive Compensation" below. The Compensation Committee also administers the Company's stock plans, senior management bonus plans and other incentive programs. The Board has adopted a written charter for the Compensation Committee. The Compensation Committee consists of Frank Gill (chairman), C. Scott Gibson, and Mark Christensen, all of whom are independent Directors as defined by the applicable rules of NASDAQ. The Compensation Committee met four times in 2005.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee identifies individuals qualified to become members of the Board of Directors, recommends to the Board the slate of Directors to be nominated by the Board at the annual meeting of shareholders and recommends any Director to fill a vacancy on the Board. The Board has adopted a written charter for the Corporate Governance and Nominating Committee.

The Corporate Governance and Nominating Committee will consider recommendations for nominees for Directorships submitted by shareholders. Shareholders desiring the Corporate Governance and Nominating

[Table of Contents](#)

Committee to consider their recommendations for nominees should submit their recommendations, together with appropriate biographical information and qualifications, in writing to the Corporate Governance and Nominating Committee, care of the Secretary of the Corporation at our principal executive offices.

The Corporate Governance and Nominating Committee also recommends Directors to be appointed to committees of the Board (other than the Corporate Governance and Nominating Committee itself). The Corporate Governance and Nominating Committee consists of Mark Christensen (chairman), C. Scott Gibson, and Frank Gill, all of whom are independent Directors as defined by the applicable rules of NASDAQ. The Corporate Governance and Nominating Committee met four times in 2005.

The charters of the Board committees, as well as the Company's Corporate Governance Guidelines, can be found on our website at www.pixelworks.com.

Qualifications of Directors

When identifying Director nominees, the Corporate Governance and Nominating Committee will consider the following:

- relevant business experience;
- judgment, skill, integrity and reputation;
- independence from management;
- existing commitments to other businesses;
- potential conflicts of interest with other pursuits;
- legal considerations such as antitrust issues;
- corporate governance background;
- financial and accounting background, to enable the committee to determine whether the candidate would be suitable for Audit Committee membership;
- executive compensation background, to enable the committee to determine whether the candidate would be suitable for Compensation Committee membership; and
- the size and composition of the existing Board.

At a minimum, candidates must possess experience with businesses or organizations of comparable or greater size than the Company. The Committee restates for purposes of its own board search the Company's emphatic commitment to nondiscrimination on the basis of age, gender, ethnic background, religious affiliation or other personal characteristics unrelated to the Company's purpose and mission. Because the Board values diversity, qualifications and skills that are complementary to existing Board members are highly desirable.

Director Nomination Process

Our Director nomination process for new Board members is as follows:

- The Corporate Governance and Nominating Committee, the Chairman of the Board, President and Chief Executive Officer, or other Board member identifies the need to add a new Board member that meets specific criteria or to fill a vacancy on the Board.
- The Corporate Governance and Nominating Committee identifies qualified candidates by soliciting nominations from existing Board members and through nominations by shareholders.
- The Corporate Governance and Nominating Committee conducts appropriate inquiries into the backgrounds and qualifications of proposed nominees.
- If candidates' experience and qualifications are desirable, the Corporate Governance and Nominating Committee interviews and performs reference checks on candidates.

[Table of Contents](#)

- The Corporate Governance and Nominating Committee seeks full Board endorsement of the final candidate.

Director Compensation

During 2005, newly-elected members of our Board, who were not officers of the Company, received an option grant upon election of 40,000 shares and incumbent directors received a grant of 10,000 shares upon annual re-election. Options were granted with exercise prices equal to the fair market value of our common stock on the date of grant. Additionally, non-employee Directors received cash compensation as follows:

- \$5,000 per quarter for service on the Board;
- \$2,500 per quarter for service by the Lead Director or Non-Management Chairperson;
- \$1,000 per quarter for service on the Audit Committee, with the exception of the Chairperson of the Audit Committee, who will receive \$3,500 per quarter;
- \$500 per quarter for service on the Compensation Committee, with the exception of the Chairperson of the Compensation Committee, who will receive \$1,000 per quarter; and
- \$500 per quarter for service on the Corporate Governance and Nominating Committee, with the exception of the Chairperson of the Corporate Governance and Nominating Committee who will receive \$1,000 per quarter.

On February 8, 2006, the Company's Board of Directors approved an increase in the quarterly retainer fee paid to non-employee Board members from \$5,000 per quarter to \$6,250 per quarter. This change was effective January 1, 2006.

Audit Committee Report

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

Composition and Meetings. The Audit Committee (“the Committee”) is comprised of three non-employee members of the Board of Directors (“the Board”) named below. After reviewing the qualifications of the members of the Committee and any relationships they may have with the Company that might affect their independence from the Company, the Board has determined that each member of the Committee meets the independence and financial experience requirements under both SEC and NASDAQ rules. In addition, the Board has determined that C. Scott Gibson is an “audit committee financial expert” as defined by SEC rules. The Committee met a total of seven times during 2005. The Committee met in executive session with the independent registered public accounting firm (KPMG LLP) three times, and in executive session with management three times.

Responsibilities. The Committee operates under a written charter that has been adopted by the Board. The charter is reviewed at least annually for changes, as appropriate. The Committee is responsible for providing independent, objective oversight of the Company’s accounting functions and internal controls. The Committee has the responsibility to select, evaluate and, where appropriate, replace the independent registered public accounting firm, and is directly responsible for the oversight of the work of the independent registered public accounting firm.

The Committee’s charter clarifies that it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate in accordance with U.S. generally accepted accounting principles (“GAAP”). Management is responsible for the Company’s

[Table of Contents](#)

financial reporting processes including its system of internal controls, and for the preparation of the consolidated financial statements in accordance with GAAP. The independent registered public accounting firm is responsible for expressing an opinion on those consolidated financial statements.

In performing the duties described below, the Committee has relied, without independent verification, on management's representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with GAAP, and on the representations of KPMG LLP included in their report on the Company's consolidated financial statements.

The full text of the Committee's charter, which describes the Committee's duties in detail, is available on our website at www.pixelworks.com and is attached to this proxy statement as Exhibit A.

Review with Management and Independent Registered Public Accounting Firm. During the year ended December 31, 2005, the Committee fulfilled its duties and responsibilities as outlined in the charter. Specifically, among other actions, in preparation for the filing of our Annual Report on Form 10-K for the year ended December 31, 2005 (the "Form 10-K"), the Committee:

1. Reviewed and discussed with management and KPMG LLP, together and separately, the Company's audited consolidated financial statements contained in the Form 10-K. The Committee reviewed the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures included in the consolidated financial statements.
2. Met with management periodically during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting, and discussed these matters with KPMG LLP and with appropriate Company personnel.
3. Reviewed and discussed with KPMG LLP matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and matters required to be discussed by Statement on Auditing Standards No. 61, as amended, *Communications with Audit Committees* ("SAS 61"). SAS 61 requires the Company's independent registered public accounting firm to provide the Committee with additional information regarding the scope of their audit, including but not limited to:
 - a. Their responsibility under generally accepted auditing standards.
 - b. Significant accounting policies.
 - c. Management judgments and estimates.
 - d. Any disagreements with management.
 - e. Any difficulties encountered in performing the audit.
4. Reviewed and discussed with KPMG LLP the communications required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. KPMG LLP provided written disclosure that, in their professional judgment, KPMG LLP is independent of the Company within the meaning of the federal securities laws. The Committee also reviewed the amount of fees paid to KPMG LLP for audit and non-audit services.

Based on the reviews and discussions referred to in paragraphs 1 through 4 above, and subject to the limitations of the Committee's responsibilities referred to above and in the Committee charter, the undersigned Committee members recommended to the Board that Pixelworks' audited consolidated financial statements for the year ended December 31, 2005 be included in Form 10-K.

Pixelworks Change of Control Resolutions

The Board of Directors adopted resolutions on March 22, 2002, approving a change of control and severance program for executive officers and Directors. Under the terms of the resolutions, upon a change of control, we will accelerate the vesting schedule of the options held by the executive officer or Director that would have vested during the next twelve months according to the vesting schedule associated with such options. In addition, upon a change of control, and the termination of an executive officer, or a substantial change in the executive officer's responsibilities within 3 months prior to or 12 months following the change of control, the terminated officer will be entitled to severance payments equal to six months of his base salary as in effect on the date of such termination and continuation of medical insurance benefits for a period of six months from the date of termination.

Bouchard Employment Agreement

In December 1999 we entered into an employment agreement with Jeffrey B. Bouchard, Vice President, Finance and Chief Financial Officer. In consideration for his services, we agreed to pay Mr. Bouchard an annual salary of \$140,000, plus the Company's standard employee benefits. In addition, we granted Mr. Bouchard options for 225,000 shares of common stock pursuant to the Company's 1997 Stock Incentive Plan. The agreement provided that if we terminated Mr. Bouchard's employment without cause (which is defined as termination for other than committing a criminal, fraudulent or grossly negligent act, misappropriation of our assets or willful failure to perform his duties) then he would be entitled to severance pay of three months salary. The agreement also provided that if we sold all of our assets or were merged into another company which was not under the control of our shareholders, then pursuant to Mr. Bouchard's stock options, he would be entitled to his options which had already vested as well as an automatic vesting of the options he would have been entitled to receive over the twelve months following a merger or sale. As a condition of his employment, Mr. Bouchard entered into our standard employee nondisclosure agreement pursuant to which he may not divulge any of our proprietary information other than as permitted as part of his employment with us.

Effective February 10, 2006, Mr. Bouchard resigned, at which time his employment agreement was terminated.

Compensation Committee Report on Executive Compensation

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

Composition and Meetings. The Compensation Committee (“the Committee”) is comprised of three non-employee members of the Board of Directors (“the Board”). Consistent with the listing requirements of the NASDAQ Stock Market, all three members of the Committee are independent from the Company. The Committee met four times during 2005.

Responsibilities. The Committee is responsible for assisting the Board in fulfilling its responsibilities with respect to compensation of our executive officers and oversight of our incentive and stock-based compensation plans. The Committee reviews the performance of executive officers, sets salary and bonus levels, and awards stock options to our executive officers. The Committee consults with independent compensation consultants and uses outside survey data to assist in determining executive compensation. The Committee has the authority to determine the scope of any consultant’s services and compensation, and retains the right to terminate a consultant’s contract at any time.

The Committee operates under a written charter that has been adopted by the Board, which is available on our website at www.pixelworks.com.

Compensation Philosophy. The objectives of the Committee are to correlate executive compensation with our business objectives and performance, and to enable us to attract, retain and reward executive officers that contribute to our long-term success.

Executive compensation is based on several general principles, which are summarized below:

- Provide competitive total compensation that allows us to attract and retain key executives.
- Link compensation to individual and corporate performance.
- Align the interests of executives with the long-term interest of shareholders through stock ownership opportunities in the form of stock options.
- Reward performance.

Compensation Components. The primary components of our executive officer compensation program are base salaries, bonuses and stock options.

Base Salaries. Base salaries for executive officers are established after a review of salaries for similar positions requiring similar qualifications within the industry. In determining executive officer salaries, the Committee considers recommendations from management and the executive’s experience, job responsibilities and performance. No specific weight is attached to any of these factors in establishing base salaries.

Bonuses. For 2005, the Committee established a 2005 Senior Management Bonus Plan under which executive officers were granted bonuses. Bonus amounts were based on attainment of planned levels of revenue, pro forma operating income, and attainment of specified operational goals. Each of the goals was weighted as follows:

Revenue	25%
Pro forma operating income	25%
Operational goals	50%

The target bonus for the Chief Executive Officer and the Chief Operating Officer was equal to 100% of annual salary, and the target bonus for vice presidents was equal to 50% of annual salary. If goals were not attained, bonuses were reduced proportionally. Additionally, the Committee had the authority to increase or decrease individual bonuses based on qualitative factors.

[Table of Contents](#)

The actual bonus amount paid to each executive under the 2005 Senior Management Bonus Plan represented 12.5% of the potential bonus that could have been achieved if target revenue, pro forma operating income, and operational goals had been achieved. Bonuses were paid during the first quarter of 2006.

In February 2006, the Committee established a 2006 Senior Management Bonus Plan. The Committee establishes challenging performance objectives and metrics. This makes the opportunity to earn higher levels of compensation a significant challenge to the executive officers. Bonus amounts will be based on attainment of planned levels of revenue, non-GAAP income (loss) before income taxes, and operational goals. Each of the goals is weighted as follows:

Revenue	33.3%
Non-GAAP income (loss) before income taxes	33.3%
Operational goals	33.3%

The target bonus for the Chief Executive Officer and the Chief Operating Officer is equal to 100% of annual salary, and the target bonus for vice presidents is equal to 50% of annual salary.

The revenue and non-GAAP income (loss) before income taxes goals have both a floor and a cap. Below the pre-determined performance levels, the floor, the bonus payout is zero. The maximum bonus, based on overachievement of the pre-determined performance levels, is capped at 300%. The payout scale is linear with no accelerator.

The bonus based on operational goals is reduced proportionally if goals are not achieved. There is no accelerator for the operational goals.

The Committee may increase or decrease individual bonuses based on qualitative factors and bonuses will be paid during the first quarter of 2007.

Stock Options. The long-term, performance-based compensation of executive officers takes the form of stock option awards under the Company's 1997 Stock Incentive Plan (the "1997 Plan"). These awards are designed to align a significant portion of an executive officer's compensation with the long-term interests of shareholders. The Committee believes that equity ownership provides significant motivation to executive officers to maximize value for our shareholders since stock options are granted with exercise prices equal to the current market price of the Company's stock and will only have value if our stock price increases over the exercise price. The Committee determines the size and frequency of option grants based upon the relative position and responsibilities of each executive officer, expected contributions of each executive officer to the Company, and previous option grants to such executive officer.

In 2005, the Committee determined that each of our executive officers should receive option grants. Out of a total of 2,560,030 options granted to employees under our 1997 Stock Incentive Plan and our 2001 Non-qualified Plan in 2005, executive officers received grants for 739,167 shares, or approximately 29% of the total options granted to employees under the plans. Grants to executive officers hired during 2005 vest 25% on the first anniversary of the date of grant, with 2.083% every month thereafter for a total of thirty-six additional months. Merit grants to continuing executive officers vest monthly over a period of four years, with 10% becoming exercisable in the first year, 20% becoming exercisable in the second year, 30% becoming exercisable in the third year, and 40% becoming exercisable in the fourth year.

Compensation of Chief Executive Officer. The Committee set Mr. Alley's compensation for the year ended December 31, 2005. The same criteria the Committee used to set compensation for other executive officers was used to establish Mr. Alley's compensation. In addition, the Committee considered compensation of other executives of Mr. Alley's level of experience and recognized his individual performance and importance to the Company's performance. In March 2005, the Committee established Mr. Alley's 2005 base salary at \$306,800. In addition to his base salary, Mr. Alley was eligible to participate in the 2005 Senior Management Bonus Plan and was paid a bonus of \$38,350 in the first quarter of 2006 under this plan. Mr. Alley was granted an option to acquire 100,000 shares of common stock on March 4, 2005 at an exercise price of \$9.48 per share, which was the fair market value of the stock on the date of grant. The option has a ten-year term and vests over a four-year period with 10% vesting between March 2005 and March 2006, 20%

[Table of Contents](#)

vesting between March 2006 and March 2007, 30% vesting between March 2007 and March 2008, and 40% vesting between March 2008 and March 2009.

In February 2006, the Committee approved Mr. Alley's 2006 base salary of \$306,800. In determining Mr. Alley's 2006 salary, the Committee reviewed the base salary, bonus and other compensation of Chief Executive Officers at seventeen comparable companies. Mr. Alley's 2006 salary approximates the average salary of the Chief Executive Officers at the seventeen comparable companies.

Under the 2006 Senior Management Bonus Plan Mr. Alley can achieve a maximum bonus of \$715,151, or 233.1% of his 2006 base salary, if overachievement of the pre-determined performance levels for certain goals is attained. His bonus may also be \$0 if the pre-determined performance levels are not achieved.

On February 15, 2006, Mr. Alley was granted an option to acquire 50,000 shares of common stock at an exercise price of \$5.02 per share, which was the fair market value of the stock on the date of the grant. This option has a ten-year term and vests over a four-year period with 10% vesting between February 2006 and February 2007, 20% vesting between February 2007 and February 2008, 30% vesting between February 2008 and February 2009, and 40% vesting between February 2009 and February 2010.

The Committee will continue to monitor Mr. Alley's compensation level in light of his performance and the compensation levels of executives at comparable companies.

Tax Deductibility of Executive Compensation. The cash compensation to be paid to the Company's executive officers for fiscal 2006 is not expected to exceed the per officer \$1.0 million tax deductibility limit of such compensation under the Internal Revenue Code. All of the stock options granted to our executive officers qualify under Section 162(m) as performance-based compensation and, therefore, will not be subject to the \$1.0 million limitation.

Respectfully submitted,

Frank Gill, Chairman
Mark Christensen
C. Scott Gibson

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS SHAREHOLDERS VOTE FOR
THE ELECTION OF ITS NOMINEES FOR DIRECTOR.**

**APPROVAL OF THE
2006 STOCK INCENTIVE PLAN
(Proposal No. 2)**

In 2006, the Compensation Committee recommended, and the full Board of Directors (the "Board") adopted the 2006 Stock Incentive Plan (the "2006 Plan"). The Company is asking its shareholders to approve the 2006 Plan. The 2006 Plan will not become effective until and unless it is approved by the shareholders.

The Board believes that continuing to attract, motivate and retain highly qualified employees, directors and consultants contributes to our growth and success. The Company's long-term success is enhanced by a compensation program which includes long-term incentives relating to stock ownership because such incentives encourage recipients to more closely align their interests with those of the shareholders by relating compensation to increases in shareholder value. The Board also believes that the 2006 Plan gives the Company the flexibility to attract and retain the employee, director and consultant talent necessary for the Company's continued success by expanding the types of incentive compensation awards that may be granted

[Table of Contents](#)

to participants beyond those currently available under the Company's equity incentive plans and making other changes necessary to comply with recent changes in deferred compensation tax law.

The 2006 Plan is intended to replace the Company's, and its wholly-owned subsidiaries', company-wide stock incentive plans⁽¹⁾ including the Company's 1997 Stock Incentive Plan, as amended, the Company's 2001 Nonqualified Stock Option Plan and the Equator Technologies, Inc. 1996 Stock Incentive Plan, as amended (taken together, the existing company-wide stock option plans shall be referred to as the "Existing Plans"). If the 2006 Plan is approved by the shareholders, it will replace the Existing Plans and the Board's authority to make further grants under the Existing Plans will terminate, although previously granted awards under the Existing Plans will remain outstanding according to their terms.

The 2006 Plan is similar to the 1997 Plan, which was previously approved and amended by the shareholders, except that the 2006 Plan includes the following:

- *Stock-Settled Stock Appreciation Rights.* The Company will be allowed to grant stock-settled Stock Appreciation Rights ("SAR") (described in greater detail below).
- *Automatic Ten Year Award Period.* Any approval by the Shareholders, after the initial adoption of the 2006 Plan, of additional shares to be issued under the 2006 Plan, will automatically allow the Company up to ten (10) years to grant those additional shares.
- *Compliance with New Laws.* The 2006 Plan contains minor administrative modifications to ensure compliance with new laws governing deferred compensation under Internal Revenue Code of 1986, as amended (the "Code") Section 409A.
- *Consolidation of the Company's Stock Option Plans.* If the 2006 Plan is approved by the shareholders, it will replace the Company's and its subsidiaries' Existing Plans; and the Board's authority to make further grants under the Existing Plans will terminate, although previously granted awards under the Existing Plans will remain outstanding according to their terms.

Under the 2006 Plan, 4,000,000 shares of our common stock are initially reserved for issuance and no options or SARs have been issued. As of March 24, 2006, 3,281,339 remain available for issuance under the 1997 Plan, 644,027 remain available for issuance under the 2001 Plan and 48,369 remain available for issuance under the Equator Plan. If the shareholders approve the 2006 Plan, it would become effective on May 23, 2006 (the "Effective Date"). On and after the Effective Date, the Company shall not issue any additional options under the Existing Plans even if there are options that remain available for issuance under them or become issuable or reissuable after the Effective Date of the 2006 Plan.

Interest of Certain Persons in Matter to be Acted Upon

Our officers will be eligible to participate in the 2006 Plan and will have a substantial direct interest in the approval of the amendment to the 2006 Plan.

Summary of the 2006 Plan

A summary of the principal provisions of the 2006 Plan is set forth below and is qualified in its entirety by reference to the 2006 Plan. A copy of the 2006 Plan is attached to this Proxy Statement as Exhibit B.

Eligibility. All of our employees, directors and consultants are eligible to participate in the 2006 Plan. As of March 31, 2006, we have approximately 470 full-time employees and 6 non-employee directors.

Administration. The 2006 Plan is required to be administered by the Board or a committee appointed by the Board. The 2006 Plan will be administered by the compensation committee of the Board, which is

¹ The Company's wholly-owned subsidiary, Equator Technologies, Inc. ("Equator"), entered into several stand-alone option plans with its executives prior to the Company's acquisition of Equator in 2005. Such stand-alone option plans were one-time agreements and no other Equator employee was eligible for participation thereunder.

composed of members that are “disinterested persons” within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (“Rule 16b-3”). All questions of interpretation or application of the 2006 Plan are determined in the sole discretion of the Board or the compensation committee, whose decisions are final, conclusive and binding upon all participants. Members of the Board are permitted to participate in the 2006 Plan.

Subject to the provisions of the 2006 Plan, the compensation committee has the authority to construe and interpret the 2006 Plan, to prescribe, adopt, amend and rescind rules and regulations relating to the administration of the 2006 Plan and to make all other determinations necessary or advisable for its administration. Subject to the limitations of the 2006 Plan, the Compensation Committee also selects from among the eligible persons those individuals who will receive options, whether an optionee will receive SARs, Incentive Stock Options or Nonqualified Stock Options, or all of them, and the amount, price, restrictions and all other terms and provisions of such SARs or options (which need not be identical).

Shares Subject to the 2006 Plan. The cumulative aggregate number of shares of our common stock to be issued under the 2006 Plan will not exceed 4,000,000, subject to adjustment as described below. Any shares that were subject to an option that expired or became unexercisable without having been exercised in full remain eligible for issuance under the 2006 Plan.

No employee may receive options under the 2006 Plan for more than 300,000 options or SARs cumulatively in one fiscal year, except that up to an additional 300,000 options or SARs may be granted in connection with a person’s initial employment with the Company.

Types of Awards. Under the 2006 Plan we can grant stock options and stock-settled SARs. However, only employees may receive Incentive Stock Options. The 2006 Plan also allows us to sell shares of common stock to our employees and consultants.

Stock Options. A stock option represents a right to purchase a specified number of shares of the Company’s common stock during a specified period as recommended by the compensation committee. A stock option may be in the form of an Incentive Stock Option or a stock option that does not qualify for incentive treatment under the Code (a “Nonqualified Stock Option”). Each option granted under the plan vests in accordance with the schedule established by the compensation committee.

Stock-Settled Stock Appreciation Rights (“SARs”). The Compensation Committee may grant SARs to participants subject to the terms and conditions established by the Compensation Committee. The grant price of a SAR will be established by the Compensation Committee at the time of award; provided, however, that any SARs intended to be exempt from Code Section 409A will have a grant price equal to the fair market value of the common stock on the date of grant. The term of a SAR may not exceed ten years. When exercised, a SAR entitles the participant to a payment based on the excess of the fair market value of a share of common stock on the exercise date over the fair market value of a share of common stock on the grant date. Payment shall be made solely in shares of the Company’s common stock. The SAR award agreement will specify whether and under what circumstances the SAR may be exercised after the plan participant’s death, disability, retirement or other termination of employment.

Exercise or Purchase Price. The exercise price of each Incentive Stock Option, Non-qualified Stock Option and/or SAR granted under the 2006 Plan will be determined by the Compensation Committee, but will be not less than 100% of the “Fair Market Value” (as defined in the 2006 Plan) of our common stock on the date of grant (or 110% of Fair Market Value in the case of an Incentive Stock Option granted to an employee who at the time owns more than 10% of the total combined voting power of all classes of our capital stock of the Company). Whether an option granted under the 2006 Plan is intended to be an Incentive Stock Option or a Nonqualified Stock Option will be determined by the Compensation Committee at the time the Compensation Committee acts to grant the option and will be set forth in the related stock option agreement.

“Fair Market Value” for purposes of the 2006 Plan means the closing price of a share of common stock on a national exchange on which shares of common stock are then trading, if any, on the last market trading

[Table of Contents](#)

day on or before the grant date. If there is no listing or trading of common stock either on a national exchange or over-the-counter, the price will be determined by the Compensation Committee in its discretion. On March 24, 2006, the Fair Market Value was \$5.02 per share based on the closing bid price of the common stock as reported on NASDAQ.

In the discretion of the compensation committee, the exercise price of any option or SAR granted under the 2006 Plan and the sale price of any shares sold under the 2006 Plan will be payable in full in cash, by check or by the optionee's promissory note (subject to any limitations of applicable law) delivered at the time of exercise. In the discretion of the Compensation Committee and upon receipt of all regulatory approvals, an optionee may be permitted to deliver as payment in whole or in part of the exercise price certificates for our common stock or other property deemed appropriate by the Compensation Committee. So-called cashless exercises as permitted under applicable rules and regulations of the Securities and Exchange Commission and the Federal Reserve Board also will be permitted in the discretion of the Compensation Committee.

Irrespective of the manner of payment of the exercise price of an option or the purchase price for shares, the delivery of shares pursuant to the exercise or purchase will be conditioned upon payment by the optionee or purchaser of amounts sufficient to enable us to pay all applicable federal, state and local withholding taxes.

Exercise Period. Each stock option or SAR agreement issued by the Compensation Committee will state the date on which the option or SAR subject to such agreement expires and becomes unexercisable. In no event will an Incentive Stock Option granted under the 2006 Plan be exercisable more than ten years from the grant date. A stock option or SAR agreement may also set forth the length of the option or SAR exercise period following a termination of employment which period shall not exceed three months after termination of employment for an Incentive Stock Option. An option or SAR will remain exercisable for twelve months following the date of the recipient's death or disability; provided, however, that in no event will any option or SAR granted under the 2006 Plan be exercisable after the expiration date of such option or SAR set forth in the applicable stock option or SAR agreement.

Transferability of Option or SAR. An option or SAR granted under the 2006 Plan will be nontransferable by the recipient other than by will or the laws of descent and distribution and will be exercisable during the recipient's lifetime only by the recipient or by his or her guardian or legal representative. More particularly, an option or SAR may not be assigned, transferred (except as provided in the preceding sentence), pledged or hypothecated (whether by operation of law or otherwise), and will not be subject to execution, attachment or similar process.

Conditions to Issuance of Stock Certificates; Legends. In order to enforce any restrictions imposed upon common stock issued upon exercise of any option or SAR granted under or any shares sold pursuant to the 2006 Plan, the Compensation Committee may cause a legend or legends to be placed on any share certificates representing such common stock.

Adjustments upon Changes in Capitalization, Merger and Consolidation. If our outstanding shares of common stock are changed into or exchanged for cash or a different number or kind of shares or securities of Pixelworks or of another corporation through reorganization, recapitalization, reclassification, stock split-up, reverse stock split, stock dividend, stock consolidation, stock combination, stock reclassification or similar transaction, an appropriate adjustment will be made by the Compensation Committee in the number and kind of shares as to which options may be granted, as well as in the price per share of the common stock covered by each outstanding option. In the event we sell all or substantially all of our assets or merge with or into another company, the Compensation Committee may (a) arrange to have the surviving or successor entity grant replacement options with appropriate adjustments in the number and kind of securities and option prices; or (b) upon 30 days' written notice, shorten the period during which options are exercisable (provided they remain exercisable for at least 30 days after the notice is given). No fractional shares of common stock will be issued on account of any of the foregoing adjustments.

[Table of Contents](#)

If we are dissolved or liquidated, each outstanding option or SAR will terminate immediately prior to the consummation of the dissolution or liquidation unless the Compensation Committee, in its sole discretion, declares that all options or SARs terminate as of a fixed date and accelerates the vesting schedule of all outstanding options or SARs.

Amendment and Termination. The Board may at any time suspend, amend or terminate the 2006 Plan and may, with the consent of an option or SAR holder, make such modifications to the terms and conditions of such recipient's option or SAR as it deems advisable; provided, however, that the Company must obtain shareholder approval of any amendment to the extent necessary to comply with Rule 16b-3 or with Section 422 of the Internal Revenue Code or with rules promulgated by Nasdaq. The amendment, suspension or termination of the 2006 Plan will not, however, without the consent of the optionee to be affected, alter or impair any rights or obligations under any option or SAR.

Privileges of Stock Ownership. A participant in the 2006 Plan will not be entitled to the privilege of stock ownership as to any shares of common stock unless and until they are actually issued to the participant.

Termination. Unless earlier terminated by the Board or the Compensation Committee, the 2006 Plan will terminate automatically as of the close of business on the day preceding the tenth anniversary date of its adoption by the Board. The termination of the 2006 Plan will not affect the validity of any stock option agreement outstanding at the date of such termination. However, if the shareholders approve an increase in the number of shares available for issuance under the 2006 Plan, the increased number of shares may be issued for up to ten (10) years from the date of approval of such increase.

Federal Income Tax Treatment. Under the Internal Revenue Code, neither the grant nor the exercise of Incentive Stock Options is a taxable event to the optionee (except to the extent an optionee may be subject to alternative minimum tax); rather, the optionee is subject to tax only upon the sale of the common stock acquired upon exercise of the Incentive Stock Option. Upon such a sale, the entire difference between the amount realized upon the sale and the exercise price of the option will be taxable to the optionee. Subject to certain holding period requirements, such difference will be taxed as a capital gain rather than as ordinary income.

Recipients who receive Nonqualified Stock Options or SARs will be subject to taxation upon exercise of such options or SARs on the spread between the Fair Market Value of the common stock on the date of exercise and the exercise price of such options or SARs. This spread is treated as ordinary income to the recipient, and the Company is permitted to deduct as an employee expense a corresponding amount. Nonqualified Stock Options and SARs do not give rise to a tax preference item subject to the alternative minimum tax.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2006 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

New Plan Benefits. No awards have been granted under the 2006 Plan. Because future awards under the 2006 Plan are discretionary and not yet determined, benefits to be received by individual participants are not determinable at this time and we have therefore not included a table estimating future awards. Information concerning options awarded to the named executive officers under the Company's Existing Plans is set forth under "Information About Our Executive Officers".

Other. Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer and the four other most highly compensated executive officers in any taxable year of the Company. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. One requirement is shareholder approval of (i) the performance criteria upon which performance-based awards may be based, (ii) the annual per-participant limits on grants and (iii) the class of employees eligible to receive awards. In the case of

[Table of Contents](#)

performance-based awards, other requirements generally are that objective performance goals and the amounts payable upon achievement of the goals be established by a committee of at least two outside directors and that no discretion be retained to increase the amount payable under the awards. In the case of stock options and SARs, other requirements are that the option or SAR be granted by a committee of at least two outside directors and the exercise price of the stock option or SAR not be less than the fair market value.

Shareholder approval of the 2006 Plan will also constitute approval of the performance criteria upon which performance-based awards that are intended to be deductible by the Company under Section 162(m) of the Code may be made.

The 2006 Plan is not a tax-qualified deferred compensation plan under 401(a) of the Code, and is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Shareholder Vote Required

Approval of the 2006 Plan requires the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

The Company believes that its best interests will be served by the approval of the 2006 Plan. The 2006 Plan will enable the Company to be in a position to continue to grant long-term incentive awards to employees, directors and consultants, including those who, through promotions and development of the Company's business, will be entrusted with new and more important responsibilities, while preserving, where appropriate, the tax deductibility of these awards.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE THE 2006 STOCK INCENTIVE PLAN.

**RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal No. 3)**

The Audit Committee of the Board of Directors has appointed KPMG LLP, independent registered public accounting firm, as the auditors of the Company for the year ending December 31, 2006. Ratification of the selection of KPMG LLP is not required by law. However, as a matter of good corporate practice, our shareholders are being asked to approve this appointment. The affirmative vote of the holders of a majority of the votes cast at the 2006 Annual Meeting will be required to approve this appointment.

In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interest of the Company and its shareholders.

KPMG LLP has audited the Company's financial statements since 1997. Representatives of KPMG LLP will be at the Annual Meeting and will be available to respond to appropriate questions. They do not plan to make a statement but will have the opportunity to make a statement if they wish.

The Audit Committee pre-approves any engagement under which our independent registered public accounting firm provides audit or non-audit services to the Company. The authority to pre-approve services may be delegated to one designated member of the Audit Committee. If a designated member does pre-approve services, the approval is reported to the full committee at its next regularly scheduled meeting.

[Table of Contents](#)

During 2005 and 2004, the Audit Committee pre-approved 100% of the audit and non-audit services provided by KPMG LLP.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors does not know of any other matters to be presented for action by the shareholders at the 2006 Annual Meeting. If, however, any other matters not now known are properly brought before the meeting, the persons named in the accompanying proxy will vote such proxy in accordance with the determination of a majority of the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Each Director, executive officer (and, for a specified period, certain former Directors and executive officers) and each holder of more than ten percent of a class of our equity securities is required to report to the SEC his pertinent position or relationship, as well as transactions in such securities, by certain specified dates. We believe that during 2005, all Section 16(a) filing requirements applicable to our executive officers and Directors have been complied with, except that Allen Alley, William D. Yavorsky and Hongmin Zhang each filed one Form 4 late to report one transaction.

DATE FOR SUBMISSION OF SHAREHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, some shareholder proposals may be eligible for inclusion in the Company's 2007 Proxy Statement. Any such proposal must be received by the Company not later than December 11, 2006. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities law. The submission of a shareholder proposal does not guarantee that it will be included in the Company's Proxy Statement.

Alternatively, under the Company's bylaws, a proposal or nomination that a shareholder does not seek to include in the Company's Proxy Statement pursuant to Rule 14a-8 may be delivered to the Secretary of the Company not less than 60 days or more than 90 days prior to the date of an Annual Meeting. In the event we provide notice or public disclosure of the date of the Annual Meeting less than 60 days prior to the date of the Annual Meeting, shareholders may submit a proposal or nomination not later than the 10th day following the day on which we gave notice of the Annual Meeting date.

A shareholders' submission must include certain specific information concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of common stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at the Annual Meeting. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a shareholder.

CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

I. COMMITTEE PURPOSE

The Audit Committee (“the Committee”) of Pixelworks, Inc. (“the Company”) is appointed by the Board of Directors (“the Board”) to assist the Board in fulfilling its responsibilities and duties to the Company’s shareholders and the investment community with respect to corporate accounting, financial reporting practices and quality and integrity of financial reports. In meeting its responsibilities, the Committee shall maintain open avenues of communication with the independent auditors, Company management and the Board.

This Charter delegates certain responsibilities of the Board to the Committee. It does not assign executive responsibilities. These statutory sections are attached to this Charter for easy reference. For example, it is the responsibility of the Company’s management, not that of the audit committee, to prepare the financial statements. It is the auditors’ responsibility to plan and conduct audits in accordance with generally accepted auditing standards and to issue an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with generally accepted accounting principles.

II. COMMITTEE STRUCTURE

A. COMMITTEE SIZE AND MEMBERSHIP

The Committee shall be comprised of three or more directors. Members shall be appointed by the Board based on the recommendations of the Corporate Governance and Nominating Committee, and may be removed by the Board at any time. Each member shall be an “independent director” as determined by the Board in accordance with Section 301 of the Sarbanes-Oxley Act of 2002 (“the Act”), the rules and regulations of the Securities and Exchange Commission (“SEC”) and the NASDAQ stock market.

All members of the Committee shall have a basic understanding of finance and accounting and be able to read and understand fundamental financial statements. Additionally, at least one member of the Committee shall be an “audit committee financial expert” as defined by Section 407 of the Act.

B. COMMITTEE CHAIR

The Board may appoint one member to serve as Committee Chair to convene and chair all regular and special sessions of the Committee, to set agendas for Committee meetings, and to determine and communicate to management and the full Board the information needs of the Committee. If the Board fails to appoint a Committee Chair, the members of the Committee shall elect a Chair by majority vote of the full Committee.

III. COMMITTEE MEETINGS

The Committee shall meet four times a year or more frequently as circumstances dictate. The Committee Chair shall prepare and/or approve an agenda in advance of each meeting. The Committee may require members of management to attend its meetings and to provide pertinent information as necessary. The Committee, or at least its Chair or a majority of the Committee, shall communicate with management and the independent auditors (a) quarterly to review the Company’s financial statements and significant findings based upon the timely review procedures performed, and (b) annually to review the results of the annual audit.

[Table of Contents](#)

In addition, at least twice per year, the Committee shall meet privately in executive session with management, the independent auditors and as a committee to discuss any matters that the Committee or each of these groups believes should be addressed.

The Committee will cause to be kept adequate minutes of all of its proceedings and will either submit the minutes of each of its meetings to the Board, or report the matters raised at each of its meetings directly to the Board.

IV. DUTIES AND RESPONSIBILITIES

In furtherance of its purpose, the Committee shall have the following specific duties and responsibilities:

A. MAINTAIN THE COMMITTEE CHARTER

The Committee is responsible for reviewing and reassessing the adequacy of this Charter at least annually, and for recommending any proposed changes to the Board for approval. The Committee is also responsible for ensuring that this Charter is published as required by SEC regulations.

B. APPOINT AND MONITOR THE INDEPENDENT AUDITORS

Reporting Relationship and Oversight Role

The independent auditors shall report directly to the Board and the Committee. The Committee has the responsibility to select, evaluate and, where appropriate, replace the independent auditor (or to nominate the independent auditor to be proposed for shareholder approval in any proxy statement).

The Committee shall be directly responsible for the oversight of the work of the independent auditors (including resolution of disagreements between management and the auditors regarding financial reporting) for the purposes of preparing or issuing an audit report or related work. The Committee shall meet with the independent auditors prior to each annual audit to discuss the audit plan, including scope, staffing, locations, reliance upon management and general audit approach. However, it is not the Committee's responsibility to prepare and certify the Company's financial statements, to guarantee the independent auditors' report, or to guarantee other disclosures by the Company.

Pre-Approve Fees Paid to Independent Auditors

The Committee shall pre-approve all audit services and permitted non-audit services (including the fees and the terms thereof) to be performed for the Company by its independent auditors in accordance with the Company's Policy for Audit and Non-Audit Services.

Evaluate Results of Independent Auditors' Work

At least annually, the Committee shall review with the independent auditors all matters required to be discussed under Statement of Auditing Standards No. 61 and any problems or difficulties the auditors may have encountered in the course of their work. This review should include:

- (a) Any restrictions on the scope of activities or access to required information;
- (b) Any disagreements with management; and
- (c) Any significant changes in the planned scope of the audit.

5.2. **ISO Limitation.** To the extent that the aggregate Fair Market Value of Shares subject to a Grantee's Incentive Stock Options granted by the Company, any Parent or Subsidiary which become exercisable for the first time during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonqualified Stock Options. For purposes of this Section 5.2, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time of grant.

5.3. **Section 5.2 Limitations.** Section 5.2 of the Plan shall apply only to an Option evidenced by an Option Agreement which sets forth the intention of the Company and the Grantee that such Option shall qualify as an Incentive Stock Option. Section 5.2 of the Plan shall not apply to any Option evidenced by a Option Agreement which sets forth the intention of the Company and the Grantee that such Option shall be a Nonqualified Stock Option.

5.4. **No Right to Continued Employment.** The Plan shall not confer upon any Grantee any right with respect to continuation of employment or consulting relationship with the Company, nor shall it interfere in any way with his or her right or the Company's right to terminate their employment or consulting relationship at any time, with or without cause.

5.5. **Other Limitations.** The following limitations shall apply to grants of Options or SARs to Employees:

5.5.1. No Employee shall be granted, in any fiscal year of the Company, Options or SARs to acquire more than 300,000 Shares.

5.5.3. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 11.

5.5.4. If an Option or SAR is canceled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 11), the canceled Option or SAR shall be counted against the limits set forth in subsections 5.5.1 and 5.5.2 above.

6. Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the shareholders of the Company as described in Section 17 of the Plan. It shall continue in effect for a term of ten (10) years, unless sooner terminated under Section 13 of the Plan. However, if the Company's shareholders approve an increase in the number of Shares available for issuance under section 3.1, such approval shall be deemed the adoption of a new plan with respect to the increased number of Shares, which may be issued for a term of ten (10) years following the date of such shareholder approval.

7. Term of Options and SARs. The term of each Option and SAR shall be stated in the Notice of Grant; provided, however, that in the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Notice of Grant. Incentive Stock Option granted to a Grantee who, on the date the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Notice of Grant.

8. Exercise/Purchase Price and Consideration.

8.1. **Exercise/ Purchase Price.** The per Share exercise/ purchase price for the Shares to be issued pursuant to exercise of an Option, SAR or a Sale shall be such price as is determined by the Administrator, but shall be subject to the following:

8.1.1. In the case of an Incentive Stock Option

(1) granted to an Employee who, at the time of the grant of such Incentive Stock Option, owns more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be at least one hundred ten percent (110%) of the Fair Market Value on the date of the grant.

(2) granted to any other Employee, the per Share exercise price shall be at least one hundred percent (100%) of the Fair Market Value on the date of grant.

8.1.2. In the case of a Nonqualified Stock Option, SAR or Sale, the per Share exercise/purchase price shall be at least one hundred percent (100%) of the Fair Market Value on the date of grant or Sale, as the case may be.

8.2. **Consideration.** The consideration to be paid for the Shares to be issued upon exercise of an Option or pursuant to a Sale, including the method of payment, shall be determined by the Administrator. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist of:

8.2.1. cash;

8.2.2. check;

8.2.3. promissory note;

8.2.4. transfer to the Company of Shares which

(1) in the case of Shares acquired upon exercise of an Option, have been owned by the Grantee for more than six months on the date of transfer, and

(2) have a Fair Market Value on the date of transfer equal to the aggregate exercise price of the Shares to be acquired;

8.2.5. if and so long as the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, delivery of a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale or loan proceeds required to pay the exercise price;

8.2.7. any combination of the foregoing methods of payment.

If the Fair Market Value of the number of whole Shares transferred or the number of whole Shares surrendered is less than the total exercise price of the Option, the shortfall must be made up in cash or by check. Notwithstanding the foregoing provisions of this Section 8.2, the consideration for Shares to be issued pursuant to a Sale may not include, in whole or in part, the consideration set forth in subsection 8.2.5 above.

9. Exercise of Option or SAR.

9.1. **Procedure for Exercise; Rights as a Shareholder.** Any Option or SAR granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator, including performance criteria with respect to the Company and/or the Grantee, and as shall be permissible under the terms of the Plan.

An Option or SAR may not be exercised for a fraction of a Share. If the exercise of a SAR would result in the issuance of a fractional Share, the Shares to be issued shall be rounded to the nearest whole Share.

An Option or SAR shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option or SAR by the Grantee and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may, as authorized by the Administrator, consist of any consideration and method of payment allowable under the Option Agreement and Section 8.2 of the Plan. Each Grantee who exercises an Option or SAR shall, upon notification of the amount due (if any) and prior to or concurrent with delivery of the certificate representing the Shares, pay to the Company amounts necessary to satisfy applicable federal, state and local tax withholding requirements. A Grantee must also provide a duly executed copy of any stock transfer agreement then in effect and determined to be applicable by the Administrator. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock represented by such stock certificate, notwithstanding the exercise of the Option or SAR. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan. Subject to section 3, exercise of an Option or settlement of a SAR shall decrease the number of Shares thereafter available, both for purposes of the Plan and for issuance under the Option or SAR by the number of Shares issued upon such exercise.

9.2. **Termination of Employment or Consulting Relationship.** In the event that a Grantee's Continuous Status as an Employee or Consultant terminates (other than upon the Grantee's death or Disability), the Grantee may exercise his or her Option or SAR, but only within such period of time as is determined by the Administrator, and only to the extent that the Grantee was entitled to exercise it at the date of termination (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant). In the case of an Incentive Stock Option, the Administrator shall determine such period of time (in no event to exceed three (3) months from the date of termination) when the Option is granted. If, at the date of termination, the Grantee is not entitled to exercise his or her entire Option or SAR, the Shares covered by the unexercisable portion of the Option or SAR shall revert to the Plan. If, after termination, the Grantee does not exercise his or her Option or SAR within the time specified by the Administrator, the Option or SAR shall terminate, and the Shares covered by such Option shall revert to the Plan.

9.3. **Disability of Grantee.** In the event that a Grantee's Continuous Status as an Employee or Consultant terminates as a result of the Grantee's Disability, the Grantee may exercise his or her Option or SAR at any time within twelve (12) months from the date of such termination, but only to the extent that the Grantee was entitled to exercise it at the date of such termination (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant). If, at the date of termination, the Grantee is not entitled to exercise his or her entire Option or SAR, the Shares covered by the unexercisable portion of the Option or SAR shall revert to the Plan. If, after termination, the Grantee does not exercise his or her Option or SAR within the time specified herein, the Option or SAR shall terminate, and the Shares covered by such Option or SAR shall revert to the Plan.

9.4. **Death of Grantee.** In the event of the death of a Grantee, the Option or SAR may be exercised at any time within twelve (12) months following the date of death (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant), by the Grantee's

estate or by a person who acquired the right to exercise the Option or SAR by bequest or inheritance, but only to the extent that the Grantee was entitled to exercise the Option or SAR at the date of death. If, at the time of death, the Grantee was not entitled to exercise his or her entire Option or SAR, the Shares covered by the unexercisable portion of the Option or SAR shall revert to the Plan. If, after death, the Grantee's estate or a person who acquired the right to exercise the Option or SAR by bequest or inheritance does not exercise the Option or SAR within the time specified herein, the Option or SAR shall terminate, and the Shares covered by such Option shall revert to the Plan.

9.5. **Rule 16b-3.** Options or SARs granted to persons subject to Section 16(b) of the Exchange Act must comply with Rule 16b-3 and shall contain such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

10. Nontransferability of Options and SARs. Except as otherwise specifically provided in the Option or SAR Agreement, an Option or SAR may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will, or by the laws of descent and distribution, and may be exercised during the lifetime of the Grantee only by the Grantee or, if incapacitated, by his or her legal guardian or legal representative.

11. Adjustments Upon Changes in Capitalization or Merger.

11.1. **Changes in Capitalization.** Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option or SAR and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options or SARs have yet been granted or Sales made or which have been returned to the Plan upon cancellation or expiration of an Option or SAR, as well as the price per share of Common Stock covered by each such outstanding Option or SAR, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Optioned Shares.

11.2. **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, each outstanding Option or SAR will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrator. The Administrator may, in the exercise of its sole discretion in such instances, declare that any Option or SAR shall terminate as of a date fixed by the Board and give each Grantee the right to exercise Grantee's Option or SAR as to all or any part of the Optioned Stock subject to the Option or SAR, including Shares as to which the Option or SAR would not otherwise be exercisable.

11.3. **Merger or Asset Sale.** Except as otherwise provided in an Option or SAR Agreement, in the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding Option or SAR shall be assumed or an equivalent option shall be substituted by such successor corporation or a Parent or Subsidiary of such successor corporation, unless the Administrator determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, that each Grantee shall have the right to exercise the Grantee's Options or SARs as to all or any part of the Optioned Stock subject to the Option or SAR, including Shares as to which the Option or SAR would not otherwise be exercisable. If the Administrator determines that an Option or SAR shall be exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Grantee that the Option or SAR shall be so exercisable for a period of thirty (30) days from the date of such notice or such shorter period as the

[Table of Contents](#)

Administrator may specify in the notice, and the Option or SAR will terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR shall be considered assumed or substituted if, following the merger or sale of assets, the Option or SAR confers the right to purchase, for each Share of Optioned Stock subject to the Option or SAR immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets was not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share of Optioned Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent substantially equal in Fair Market Value to the per share consideration received by holders of Common Stock in the merger or sale of assets. The determination of such substantial equality of value of consideration shall be made by the Administrator and its determination shall be conclusive and binding.

12. Time of Granting Options or SARs. The date of grant of an Option or SAR shall, for all purposes, be the date on which the Administrator makes the determination granting such Option or SAR. Notice of the determination shall be given to each Grantee within a reasonable time after the date of such grant.

13. Amendment and Termination of the Plan.

13.1. **Amendment and Termination.** The Board may amend or terminate the Plan from time to time in such respects as the Board may deem advisable.

13.2. **Shareholder Approval.** The Company shall obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Rule 16b-3 or with Section 422 of the Code (or any successor rule or statute or other applicable law, rule or regulation, including the requirements of any exchange or quotation system on which the Common Stock is listed or quoted). Such shareholder approval, if required, shall be obtained in such a manner and to such a degree as is required by the applicable law, rule or regulation.

13.3. **Effect of Amendment or Termination.** Any such amendment or termination of the Plan shall not affect Options or SARs already granted, and such Options or SARs shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Grantee and the Administrator, which agreement must be in writing and signed by the Grantee and the Administrator.

14. Conditions Upon Issuance of Shares. Shares shall not be issued pursuant to the exercise of an Option, SAR or a Sale unless the exercise of such Option, SAR or consummation of the Sale and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, applicable state securities laws, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange (including NASDAQ) upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

15. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. Liability of Company.

16.1. **Inability to Obtain Authority.** Inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

[Table of Contents](#)

As a condition to the exercise of an Option or SAR or a Sale, the Company may require the person exercising such Option or SAR or to whom Shares are being Sold to represent and warrant at the time of any such exercise or Sale that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

16.2. Grants Exceeding Allotted Shares. If the grant of an Option or SAR causes the number of Shares of Optioned Stock to exceed, as of the date of grant, the number of Shares which may be issued under the Plan without additional shareholder approval, such Option or SAR shall be void with respect to such excess Optioned Stock, unless shareholder approval of an amendment sufficiently increasing the number of Shares subject to the Plan is timely obtained in accordance with Section 13 of the Plan.

17. Shareholder Approval. Continuance of the Plan shall be subject to approval by the shareholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under applicable federal and state law.

18. Market Standoff.

In connection with any underwritten public offering by the Company of its equity securities pursuant to an effective registration statement filed under the Securities Act, including the Company's initial public offering, a Grantee or other participant in the Plan shall not sell, make any short sale of, loan, hypothecate, pledge, grant any option for the purchase of, or otherwise dispose or transfer for value or otherwise agree to engage in any of the foregoing transactions with respect to, any shares issuable or issued under the Plan, whether pursuant to an Option, SAR or a Sale, without the prior written consent of the Company or its underwriters. Such limitations shall be in effect for such period of time as may be requested by the Company or such underwriters and agreed to by the Company's officers and directors with respect to their shares; provided, however, that in no event shall such period exceed 180 days. The limitations of this paragraph shall in all events terminate five years after the effective date of the Company's initial public offering. Participants shall be subject to the market standoff provisions of this Section 18 only if the officers and directors of the Company are also subject to similar arrangements.

In the event of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the Company's outstanding Common Stock effected as a class without the Company's receipt of consideration, then any new, substituted or additional securities distributed with respect to the purchased shares shall be immediately subject to the provisions of this Section 18, to the same extent the purchased shares are at such time covered by such provisions.

In order to enforce the limitations of this Section 18, the Company may impose stop-transfer instructions with respect to the purchased shares until the end of the applicable standoff period.

NOTICE TO EXCHANGEABLE SHAREHOLDERS

Our records show that you own exchangeable shares (“Exchangeable Shares”) in the capital of Jaldi Semiconductor Corporation (“Jaldi”), a Canadian company. The Exchangeable Shares provide you with economic and voting rights which are, as nearly as practicable, equivalent to those of holders of shares of common stock of Pixelworks, Inc. (“Pixelworks” or “the Company”), the U.S. parent of Jaldi. These rights include the right to attend and vote at meetings of the common shareholders of Pixelworks. The Company will be holding an annual meeting (the “Annual Meeting”) of its common shareholders on May 23, 2006 to:

1. Elect seven directors to serve for the following year or until their successors are elected;
2. Adopt the Pixelworks, Inc. 2006 Stock Incentive Plan;
3. Ratify the appointment of KPMG LLP as Pixelworks’ independent registered public accounting firm for the current fiscal year; and
4. Transact any other business that properly comes before the meeting.

At such Annual Meeting you will have voting rights, as described below, equal to the number of Exchangeable Shares you hold. You are permitted to instruct CIBC Mellon Trust Company, the Trustee under the Voting and Exchange Trust Agreement, as to how the Trustee is to vote your Exchangeable Shares at the Annual Meeting of Pixelworks. If you do not give voting instructions, the Trustee will not be entitled to exercise the voting rights attached to your Exchangeable Shares. Alternatively, you may instruct the Trustee to give you, or a person designated by you, a proxy to exercise personally the voting rights attached to your Exchangeable Shares. To instruct the Trustee as to how you wish to exercise your voting rights, you must complete, sign, date and return the enclosed voting instruction card to the Trustee by 2:00p.m., Eastern Daylight Time on May 19, 2006. Whether or not you plan to attend, please sign, date and return the voting instruction card in the envelope provided in order to ensure that your Exchangeable Shares are represented at the Annual Meeting.

You have the right to revoke any instructions to the Trustee by giving written notice of revocation to the Trustee or by executing and delivering to the Trustee a later-dated voting instruction card. No notice of revocation or later-dated voting instruction card however, will be effective unless received by the Trustee prior to 2:00p.m., Eastern Daylight Time on May 19, 2006.

Information Relating to Pixelworks

Exchangeable Shares are exchangeable on a one-for-one basis for shares of common stock of Pixelworks and you, as a holder of Exchangeable Shares, are entitled to receive dividends from Pixelworks payable at the same time as, and equivalent to on a per-share basis, any dividends paid by Pixelworks to holders of its common stock. As a result of the economic and voting equivalency between the Exchangeable Shares and shares of common stock of Pixelworks, you, as a holder of Exchangeable Shares, will have a participating interest determined by reference to Pixelworks not Jaldi. Accordingly, it is information relating to Pixelworks that is relevant to you. Enclosed in this package are Pixelworks’ Proxy Statement and Annual Report, which we urge you to read carefully.
