**PROXY STATEMENT  
2005 ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD MAY 24, 2005**

**THE MEETING**

**Purpose, Date, Time and Place Information**

The enclosed proxy is solicited on behalf of the Board of Directors of Pixelworks, Inc. ("Pixelworks" or the "Company"), an Oregon corporation. This proxy is for use at Pixelworks' 2005 Annual Meeting of Shareholders (the "Annual Meeting") or any postponement or adjournment of that meeting. The meeting will be held at 2:00 p.m. Pacific Time, on Tuesday, May 24, 2005, at the Oregon Museum of Science and Industry, 1945 S.E. Water Avenue, Portland, Oregon, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This proxy statement and the proxy, which are accompanied by a copy of our 2004 Annual Report, are being first mailed or otherwise delivered to shareholders on or about April 22, 2005. Shareholders who owned Pixelworks' common stock at the close of business on March 25, 2005 are entitled to receive notice of, attend and vote at the meeting. On March 25, 2005, there were 47,086,065 shares of Pixelworks' common stock issued and outstanding.

**Voting and Revocability of Proxy**

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented by the proxy will be voted in accordance with the instructions marked on the proxy. In the absence of voting instructions, the shares will be voted:

- For the nominees for Director listed in these materials and on the proxy;
- For the adoption of the amendment to the 1997 Stock Incentive Plan to prohibit repricing of options without shareholder approval;
- For the adoption of the amendment to the 1997 Stock Incentive Plan to increase the number of shares available for grant; and
- For the ratification of KPMG LLP as Pixelworks' independent registered public accounting firm for the current fiscal year.

Pursuant to NASDAQ rules, a broker may not vote on the adoption of, or material amendment to, an equity compensation plan without instruction from the beneficial owner of the shares. With respect to each equity compensation plan proposal to be voted upon, abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting, but are not counted and have no effect on the determination of whether a plurality exists for approval of the proposal.

The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the proxy will be voted upon such matters as determined by a majority of the Board of Directors.

Any person giving a proxy in the form accompanying this Proxy Statement has the power to revoke it at any time before its exercise. The proxy may be revoked by filing with the Secretary of the Company an instrument of revocation or a duly executed proxy bearing a later date. The proxy may also be revoked by voting in person at the Annual Meeting. A shareholder who attends the meeting, however, is not required to revoke the proxy and vote in person. All valid, unrevoked proxies will be voted at the Annual Meeting in accordance with the instructions given.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

**Solicitation**

The cost of soliciting proxies will be borne by the Company. In addition to use of the mails, proxies may be solicited by Directors, officers and employees of the Company, who will not be specially compensated for such activities. Such solicitations may be made personally or by mail, e-mail, facsimile, telephone or messenger. The Company will request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. The Company will reimburse these fiduciaries, custodians and brokerage houses for their reasonable expenses incurred in connection with that request.

**VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF**

**Record Date**

The Board of Directors has fixed the close of business on March 25, 2005 as the record date for the determination of the shareholders entitled to receive notice of, attend and vote at the Annual Meeting. Accordingly, only the holders of record of shares of Common Stock at the close of business on March 25, 2005 will be entitled to vote at the Annual Meeting, with each share entitling its owner to one vote on all matters properly presented at the Annual Meeting. On the record date, there were approximately 263 shareholders of record and 47,086,065 shares of common stock then outstanding. The 47,086,065 shares of common stock outstanding includes 635,074 shares of common stock issuable upon the exchange of exchangeable shares of our Canadian subsidiary, Jaldi Semiconductor Corporation ("Jaldi"). ## INFORMATION ABOUT OUR BOARD OF DIRECTORS

### Board of Director Meetings

Regular meetings of our Board of Directors are generally held four times per year, and special meetings are scheduled as necessary. The Board held 9 meetings in 2004. No Director attended fewer than 75 percent of the aggregate of all meetings of the Board of Directors and the committees of which the

Director was a member during the year. A majority of our Directors attended the 2004 Annual Meeting.

The Board of Directors has adopted Corporate Governance Guidelines, which can be found on our website at [www.pixelworks.com](http://www.pixelworks.com). Under our Corporate Governance Guidelines, Directors are expected to exercise their best judgment, to act in what they reasonably believe to be the best interests of the Company and its shareholders, including preparing for, attending and participating in meetings of the Board and committees of which the Director is a member. We have adopted a policy that requires a majority of Directors to attend the Annual Meeting.

Our independent Directors have met separately in executive session without any members of management present.

#### **Standing Committees of the Board**

*Audit Committee.* The Audit Committee has the authority and power to act on behalf of the Board of Directors with respect to the appointment of our independent registered public accounting firm and with respect to authorizing all audit and other activities performed for us by our independent registered public accounting firm. The Board has adopted a written charter for the Audit Committee. The committee, among other matters, reviews and discusses with management and the Company's independent registered public accounting firm the Company's audited financial statements, and the effectiveness of the accounting and financial controls of the Company. See "Report of the Audit Committee" below. The committee consists of C. Scott Gibson (chairman), Oliver D. Curme, Frank Gill and Steven J. Sharp, all of whom are independent Directors as defined by the applicable rules of the Securities and Exchange Commission (the "SEC") and NASDAQ. The committee met 6 times in 2004.

*Compensation Committee.* The Compensation Committee has the authority and power to act on behalf of the Board of Directors with respect to all matters relating to the employment of senior officers by the Company, including approval of compensation, benefits, incentives and employment contracts. See "Compensation Committee Report on Executive Compensation" below. The committee also administers the Company's stock plans, senior management bonus program and other incentive programs. *Corporate Governance and Nominating Committee.* The Corporate Governance and Nominating Committee identifies individuals qualified to become members of the Board of Directors, recommends to the Board the slate of Directors to be nominated by the Board at the annual shareholders meeting and recommends any Director to fill a vacancy on the Board. together with appropriate biographical information and qualifications, in writing to the committee, care of the Secretary of the Corporation at our principal executive offices.

The committee also recommends Directors to be appointed to committees of the Board (other than the committee itself). The committee consists of Steven J. Sharp (chairman), Oliver D. Curme, C. Scott Gibson and Frank Gill, all of whom are independent Directors as defined by the applicable rules of NASDAQ. The committee met 2 times in 2004.

The charters of the Board committees, as well as the Company's Corporate Governance Guidelines can be found on our website at [www.pixelworks.com](http://www.pixelworks.com).

#### **Qualifications of Directors**

When identifying Director nominees, the Corporate Governance and Nominating Committee will consider the following:

- whether the candidate has relevant business experience;
- judgment, skill, integrity and reputation;
- independence from management;
- existing commitments to other businesses;
- potential conflicts of interest with other pursuits;
- legal considerations such as antitrust issues;
- corporate governance background;
- financial and accounting background, to enable the committee to determine whether the candidate would be suitable for Audit Committee membership;
- executive compensation background, to enable the committee to determine whether the candidate would be suitable for Compensation Committee membership;
- age, gender and ethnic background; and
- the size and composition of the existing Board.

At a minimum, candidates must possess experience with businesses or organizations of comparable or greater size than the Company. Because the Board values diversity, qualifications and skills that are complementary to existing Board members are highly desirable.

#### **Director Nomination Process**

Our Director nomination process for new Board members is as follows:

- The Corporate Governance and Nominating Committee, the Chairman of the Board and Chief Executive Officer, or other Board member identifies the need to add a new Board member that meets specific criteria or to fill a vacancy on the Board.

- The Corporate Governance and Nominating Committee identifies qualified candidates by soliciting nominations from existing Board members and through nominations by shareholders.
- The Corporate Governance and Nominating Committee conducts appropriate inquiries into the backgrounds and qualifications of proposed nominees.
- If candidates' experience and qualifications are desirable, the Corporate Governance and Nominating Committee interviews and performs reference checks on candidates.
- The Corporate Governance and Nominating Committee seeks full Board endorsement of the final candidate.

**Composition and Meetings.** The Committee is comprised of four non-employee members of the Board, named below. After reviewing the qualifications of the members of the Committee and any relationships they may have with the Company that might affect their independence from the Company, the Board has determined that each member of the Committee meets the independence and financial experience requirements under both SEC and NASDAQ rules. In addition, the Board has determined that C. Scott Gibson is an “audit committee financial expert” as defined by SEC rules. The Committee met a total of six times during 2004. The Committee met in executive session with the auditors four times and in executive session with management four times.

**Responsibilities.** The Committee operates under a written charter that has been adopted by the Board. The charter is reviewed at least annually for changes, as appropriate. The Committee is responsible for providing independent, objective oversight of the Company’s accounting functions and internal controls. The Committee has the responsibility to select, evaluate and, where appropriate, replace the independent registered public accounting firm, and is directly responsible for the oversight of the work of the independent registered public accounting firm. The Committee’s charter clarifies that it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate in accordance with U.S. generally accepted accounting principles (“GAAP”). 2. Reviewed the overall scope and plans for the audit and the results of the independent auditors’ examinations;
3. Met with management periodically during the year to consider the adequacy of the Company’s internal controls and the quality of its financial reporting and discussed these matters with the Company’s independent registered public accounting firm and with appropriate Company personnel; and

4. Reviewed and discussed with the independent registered public accounting firm (a) their judgments as to the quality of the Company's accounting policies, (b) the written communication required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees* and the independence of the auditors, and (c) the matters required to be discussed with the Committee under auditing standards generally accepted in the U.S., including Statement on Auditing Standards No. 61 *Communication with Audit Committees*.

Under the terms of the resolutions, upon a change of control, we will accelerate the vesting schedule of the options held by the executive officer or Director that would have vested during the next twelve months according to the vesting schedule associated with such options. In addition, upon a change of control, and the termination of an executive officer, or a substantial change in the executive officer’s responsibilities within 3 months prior to or 12 months following the change of control, the terminated officer will be entitled to severance payments equal to six months of his base salary as in effect on the date of such termination and continuation of medical insurance benefits for a period of six months from the date of termination.

## Compensation Committee Report on Executive Compensation

*The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.*

*Composition and Meetings.* The Committee is comprised of four non-employee members of the Board, named below. Consistent with the listing requirements of the NASDAQ, all four members of the Committee are independent from the Company. The Committee met four times during 2004.

*Responsibilities.* The Committee is responsible for assisting the Board in fulfilling its responsibilities with respect to compensation of our executive officers and oversight of our incentive and stock-based compensation plans. The Committee reviews the performance of executive officers, sets salary and bonus levels, and awards stock options to our executive officers. The Committee consults with independent compensation consultants and uses outside survey data to assist in determining executive compensation. The Committee has the authority to determine the scope of any consultant's services and compensation, and retains the right to terminate a consultant's contract at any time.

The Committee operates under a written charter that has been adopted by the Board. The charter is available on our website at [www.pixelworks.com](http://www.pixelworks.com).

*Compensation Philosophy.* The objectives of the Committee are to correlate executive compensation with our business objectives and performance and to enable us to attract, retain and reward executive officers that contribute to our long-term success.

Executive compensation is based on several general principles, which are summarized below:

- Provide competitive total compensation that allows us to attract and retain key executives.
- Link compensation to individual and corporate performance.
- Align the interests of executives with the long-term interest of shareholders through stock ownership opportunities in the form of stock options.
- Reward performance.

*Compensation Components.* The primary components of our executive officer compensation program are base salaries, bonuses and stock options.

Base Salaries. Base salaries for executive officers are established after a review of salaries for similar positions requiring similar qualifications within the industry. In determining executive officer salaries, the Committee considers recommendations from management and the executive's experience, job responsibilities and performance. No specific weight is attached to any of these factors in establishing base salaries. For fiscal 2005 and future years, the Committee will continue to establish base salary levels for executive officers that are competitive with those established by companies of comparable size within the industry.

Bonuses. For 2004, the Committee established a Senior Management Bonus Plan under which executive officers were granted bonuses. Bonus amounts were based on attainment of planned levels of revenue, pro forma operating income, net income in accordance with U.S. generally accepted accounting principles, and attainment of specific operational goals. If goals were not attained, bonuses were reduced proportionally. Additionally, the Committee had the authority to increase or decrease individual bonuses based on qualitative factors. The bonuses were paid during the first quarter of 2005. The Committee has also established a Senior Management Bonus Plan for fiscal 2005. Bonus amounts will be based on attainment of planned levels of revenue and pro forma operating income, as well as specific operational goals. If goals are not attained, bonuses will be reduced proportionally. Additionally, the Committee may increase or decrease individual bonuses based on qualitative factors. Bonuses will be paid during the first quarter of 2006.

13

---

Stock Options. The long-term, performance-based compensation of executive officers takes the form of stock option awards under the Company's 1997 Stock Incentive Plan (the "1997 Plan"), which is designed to align a significant portion of an executive officer's compensation with the long-term interests of shareholders. The 1997 Plan permits the granting of several types of stock-based awards. The Committee believes that equity ownership provides significant motivation to executive officers to maximize value for our shareholders since stock options are granted with exercise prices equal to the current market price of the Company's stock and will only have value if our stock price increases over the exercise price. The Committee determines the size and frequency of option grants based upon the relative position and responsibilities of each executive officer, expected contributions of each executive officer to the Company and previous option grants to such executive officer.

In 2004, the Committee determined that each of our executive officers should receive option grants. Out of a total of 2,595,005 options granted to employees under our 1997 Stock Incentive Plan and our 2001 Non-qualified Plan in 2004, executive officers received grants for 730,000 shares, or approximately 28% of the total options granted to employees under the plans.

*Compensation of Chief Executive Officer.* The Committee set Mr. Alley's compensation for the year ended December 31, 2004. The same criteria that the Committee used to set compensation for other executive officers was used to establish Mr. Alley's compensation. In addition, the Committee considered compensation of other executives of Mr. Alley's level of experience and recognized his individual performance and importance to the Company's performance. In February 2004 the Committee set Mr. Alley's 2004 base salary at \$295,000. In addition to his base salary, Mr. Alley was eligible to participate in the Senior Management Bonus Plan. Mr. Alley's bonus was targeted at 100% of his base salary. Mr. Alley was also granted an option to acquire 100,000 shares of common stock on March 9, 2004 at an exercise price of \$15.41 per share, which was the fair market value of the stock on the date of grant. The option has a ten-year term and vests over a four-year period with 10% vesting between March 2004 and February 2005, 20% vesting between March 2005 and February 2006, 30% vesting between March 2006 and February 2007 and 40% vesting between March 2007 and February 2008.

In March 2005, the Committee again reviewed Mr. Alley's performance and determined that Mr. Alley should receive a bonus of \$210,500 based on the criteria of the Senior Management Bonus Plan. The bonus represented approximately 71% of Mr. Alley's base salary. The Committee also increased Mr. Alley's base salary to \$306,800 and 2005 target bonus to \$306,800, which represents 100% of his 2005 base salary. Mr. Alley was also granted an option to acquire 100,000 shares of common stock on March 4, 2005 at an exercise price of \$9.48 per share, which was the fair market value of the stock on the date of the grant. This option has a ten-year term and vests over a four-year period, with 10% vesting between March 2005 and March 2006, 20% vesting between March 2006 and March 2007, 30% vesting between March 2007 and March 2008 and 40% vesting between March 2008 and March 2009.

The Committee will continue to monitor Mr. Alley's compensation level in light of his performance and the compensation levels of executives at comparable companies.

*Tax Deductibility of Executive Compensation.* The cash compensation to be paid to the Company's executive officers for fiscal 2005 is not expected to exceed the per officer \$1.0 million tax deductibility limit of such compensation under the Internal Revenue Code. All of the stock options granted to our executive officers qualify under Section 162(m) as performance-based compensation and, therefore, will not be subject to the \$1.0 million limitation.

Respectfully submitted,

Oliver D. Curme, Chairman  
C. Scott Gibson  
Frank Gill

**APPROVAL OF AMENDMENT TO 1997 STOCK INCENTIVE PLAN TO PROHIBIT REPRICING OF OPTIONS WITHOUT SHAREHOLDER APPROVAL  
(Proposal No. 2)**

The Board has proposed that the Pixelworks 1997 Stock Incentive Plan (the "1997 Plan") be amended to prohibit repricing of options without shareholder approval.

Many commentators on matters of corporate governance believe that repricing of options in the event of a decline in share price dilutes the goal of aligning management and shareholder interests. The Company has never repriced options and has no intention of doing so in the future without shareholder consent. The Board of Directors has determined that Section 4(b) (xviii) of the 1997 Plan should be amended to explicitly prohibit option repricing without shareholder approval. The proposed amendment to Section 4(b) (xviii) of the 1997 Plan is as follows:

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(xviii) to reduce the exercise price of any Option to the then current fair market value if the fair market value of the Common Stock covered by such Option shall have declined since the date the Option was granted, provided, however, that the Administrator may not reduce the exercise price of any outstanding Option without shareholder approval;

A summary of the provisions of the 1997 Stock Incentive Plan is set forth under the heading "Approval of Amendment to 1997 Plan to Increase the Number of Shares Subject to the Plan (Proposal No. 3) Summary of the 1997 Plan" below.

**Shareholder Vote Required**

Approval of the amendment to the 1997 Plan to prohibit repricing of options without shareholder approval requires the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

**APPROVAL OF AMENDMENT TO 1997 STOCK INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES SUBJECT TO THE PLAN  
(Proposal No. 3)**

Upon adoption of the 1997 Plan by our Board of Directors and our shareholders, 9,226,744 shares of our common stock were initially reserved for issuance. As a result of our stock split in March 2000, the number of shares of our common stock subject to the 1997 Plan was automatically adjusted to 13,840,116. The number of shares reserved for issuance has since been increased three times; in 2002 by 1,500,000 shares, in 2003 by 1,500,000 shares and in 2004 by 1,500,000 to bring the total shares currently reserved for issuance under the plan to 18,340,116. Each of these increases was approved by shareholders.

The purposes of the 1997 Plan are to provide employees an incentive to join and remain with us and our subsidiaries, to promote employee morale and to encourage employee ownership of our common stock. As of March 31, 2005, 2,688,915 shares remained available under the 1997 Plan. On April 13, 2005, the Board of Directors approved an increase of the number of shares of common stock subject to issuance under the 1997 Plan by 2,000,000 to 20,340,116. This increase is subject to shareholder approval.

The Board of Directors believes that it is in the Company's best interests to continue the 1997 Plan and recommends that the shareholders approve an amendment to the 1997 Plan to increase the cumulative aggregate number of shares of common stock issuable under the 1997 Plan from a maximum of 18,340,116 to 20,340,116, an increase of 2,000,000.

As of April 11, 2005, no options to purchase common stock had been granted, and no shares had been issued, on the basis of the proposed amendment to the 1997 Plan. If the amendment is approved by the shareholders, the increase in the number of shares authorized for issuance under the 1997 Plan would become effective on May 24, 2005.

#### **Interest of Certain Persons in Matter to be Acted Upon**

Our officers are eligible to participate in the 1997 Plan and have a substantial direct interest in the approval of the amendment to the 1997 Plan.

#### **Summary of the 1997 Plan**

A summary of the principal provisions of the 1997 Plan is set forth below and is qualified in its entirety by reference to the 1997 Plan. A copy of the 1997 Plan is available from our Corporate Secretary upon written request.

##### *Eligibility*

All of our employees and consultants are eligible to participate in the 1997 Plan. As of March 31, 2005, we had 377 full-time employees.

Under the 1997 Plan we can grant both Incentive Stock Options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and stock options that do not qualify for incentive treatment under the Code (Nonqualified Stock Options). The 1997 Plan also allows us to sell shares of common stock to our employees and consultants. As of March 31, 2005, there are 2,688,915 options available for grant under the 1997 Plan and upon the approval of the amendment to the 1997 Plan there will be an additional 2,000,000 options available for grant under the 1997 Plan.

##### *Administration*

The 1997 Plan is required to be administered by the Board of Directors or a committee appointed by the Board of Directors. The 1997 Plan is currently administered by the Compensation Committee of the Board of Directors, which is composed of members that are "disinterested persons" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended ("Rule 16b-3"). All questions of interpretation or application of the 1997 Plan are determined in the sole discretion of the Board of Directors or the Compensation Committee, whose decisions are final, conclusive and binding upon all participants. Members of the Board of Directors who are eligible employees are permitted to participate in the 1997 Plan.

Subject to the provisions of the 1997 Plan, the Compensation Committee has the authority to construe and interpret the 1997 Plan, to prescribe, adopt, amend and rescind rules and regulations relating to the administration of the 1997 Plan and to make all other determinations necessary or advisable for its administration. Subject to the limitations of the 1997 Plan, the Compensation Committee also selects from among the eligible persons those individuals who will receive options, whether an optionee will receive Incentive Stock Options or Nonqualified Stock Options, or both, and the amount, price, restrictions and all other terms and provisions of such options (which need not be identical).

##### *Shares Subject to the 1997 Plan*

The cumulative aggregate number of shares of our common stock to be issued under the 1997 Plan will not exceed 18,340,116, subject to adjustment as described below. Any shares that were subject to an option that expired or became unexercisable without having been exercised in full remain eligible for issuance under the 1997 Plan.

##### *Exercise or Purchase Price*

The exercise price of each Incentive Stock Option granted under the 1997 Plan will be determined by the Compensation Committee, but will be not less than 100% of the Fair Market Value (as defined in the 1997 Plan) of our common stock on the date of grant (or 110% of Fair Market Value in the case of an employee who at the time owns more than 10% of the total combined voting power of all classes of our capital stock of the Company). The exercise price of each Nonqualified Stock Option or the sale price of shares will be determined by the Compensation Committee, but will be not less than 100% of the Fair Market Value (as defined in the 1997 Plan) of our common stock on the date of grant. Whether an option granted under the 1997 Plan is intended to be an Incentive Stock Option or a Nonqualified Stock Option will be determined by the Compensation Committee at the time the Compensation Committee acts to grant the option and will be set forth in the related stock option agreement.

Fair Market Value for purposes of the 1997 Plan means the closing price of a share of common stock on the principal exchange on which shares of common stock are then trading, if any, on the last market trading day prior to the grant date. If there is no listing or trading of common stock either on a national exchange or over-the-counter, the price will be determined by the Compensation Committee in its discretion. On April 11, 2005, the Fair Market Value was \$7.94 per share based on the closing bid price of the common stock as reported on NASDAQ.

In the discretion of the Compensation Committee, the exercise price of any option granted under the 1997 Plan and the sale price of any shares sold under the 1997 Plan will be payable in full in cash, by check or by the optionee's promissory note (subject to any limitations of applicable state corporations law) delivered at the time of exercise. In the discretion of the Compensation Committee and upon receipt of all regulatory approvals, an optionee may be permitted to deliver as payment in whole or in part of the exercise price certificates for our common stock or other property deemed appropriate by the Compensation Committee. So-called cashless exercises as permitted under applicable rules and regulations of the Securities and Exchange Commission and the Federal Reserve Board also will be permitted in the discretion of the Compensation Committee.

Irrespective of the manner of payment of the exercise price of an option or the purchase price for shares, the delivery of shares pursuant to the exercise or purchase will be conditioned upon payment by the optionee or purchaser of amounts sufficient to enable us to pay all applicable federal, state and local withholding taxes.

The Compensation Committee may at any time offer to buy out an option previously granted for a payment in cash or shares of our common stock. Any such buy out will be on terms and subject to conditions established by the Compensation Committee.

#### *Exercise Period*

Each stock option agreement issued by the Compensation Committee will state the date on which the option subject to such agreement expires and becomes unexercisable. In no event will an Incentive Stock Option granted under the 1997 Plan be exercisable more than ten years from the grant date. A stock option agreement may also set forth the length of the option exercise period following a termination of employment. An option will remain

21

---

exercisable for twelve months following the date of an optionee's death or disability; provided, however, that in no event will any option granted under the 1997 Plan be exercisable after the expiration date of such option set forth in the applicable stock option agreement.

#### *Transferability of Option*

An option granted under the 1997 Plan will be nontransferable by the optionee other than by will or the laws of descent and distribution and will be exercisable during the optionee's lifetime only by the optionee or by his or her guardian or legal representative. More particularly, an option may not be assigned, transferred (except as provided in the preceding sentence), pledged or hypothecated (whether by operation of law or otherwise), and will not be subject to execution, attachment or similar process.

#### *Conditions to Issuance of Stock Certificates; Legends*

In order to enforce any restrictions imposed upon common stock issued upon exercise of any option granted under or any shares sold pursuant to the 1997 Plan, the Compensation Committee may cause a legend or legends to be placed on any share certificates representing such common stock.

#### *Adjustments Upon Changes in Capitalization, Merger and Consolidation*

If our outstanding shares of common stock are changed into or exchanged for cash or a different number or kind of shares or securities of Pixelworks or of another corporation through reorganization, recapitalization, reclassification, stock split, reverse stock split, stock dividend, stock consolidation, stock combination, stock reclassification or similar transaction, an appropriate adjustment will be made by the Compensation Committee in the number and kind of shares as to which options may be granted, as well as in the price per share of the common stock covered by each outstanding option. In the event we sell all or substantially all of our assets or merge with or into another company, the Compensation Committee may (a) arrange to have the surviving or successor entity grant replacement options with appropriate adjustments in the number and kind of securities and option prices; or (b) upon 30 days' written notice, shorten the period during which options are exercisable (provided they remain exercisable for at least 30 days after the notice is given). No fractional shares of common stock will be issued on account of any of the foregoing adjustments.

If we are dissolved or liquidated, each outstanding option will terminate immediately prior to the consummation of the dissolution or liquidation unless the Compensation Committee, in its sole discretion, declares that all options terminate as of a fixed date and accelerates the vesting schedule of all outstanding options.

#### *Amendment and Termination*

The Board may at any time suspend, amend or terminate the 1997 Plan and may, with the consent of an optionee, make such modifications to the terms and conditions of such optionee's option as it deems advisable; provided, however, that the company must obtain shareholder approval of any amendment to the extent necessary to comply with Rule 16b-3 or with Section 422 of the Internal Revenue Code or with rules promulgated by NASDAQ, and to the extent Proposal No. 2, as described above, is approved by our shareholders, shareholder approval will be required for repricing a stock option. The amendment, suspension or termination of the 1997 Plan will not, however, without the consent of the optionee to be affected, alter or impair any rights or obligations under any option.

#### *Privileges of Stock Ownership*

A participant in the 1997 Plan will not be entitled to the privilege of stock ownership as to any shares of common stock unless and until they are actually issued to the participant.

22

---

#### *Termination*

Unless earlier terminated by the Board of Directors or the Compensation Committee, the 1997 Plan will terminate automatically as of the close of business on the day preceding the tenth anniversary date of its adoption by the Board. The termination of the 1997 Plan will not affect the validity of any stock option agreement outstanding at the date of such termination.

#### *Federal Income Tax Treatment*

Under the Internal Revenue Code, neither the grant nor the exercise of Incentive Stock Options is a taxable event to the optionee (except to the extent an optionee may be subject to alternative minimum tax); rather, the optionee is subject to tax only upon the sale of the common stock acquired upon exercise of the Incentive Stock Option. Upon such a sale, the entire difference between the amount realized upon the sale and the exercise price of the option will be

taxable to the optionee. Subject to certain holding period requirements, such difference will be taxed as a capital gain rather than as ordinary income.

Optionees who receive Nonqualified Stock Options will be subject to taxation upon exercise of such options on the spread between the Fair Market Value of the common stock on the date of exercise and the exercise price of such options. This spread is treated as ordinary income to the optionee, and the Company is permitted to deduct as an employee expense a corresponding amount. Nonqualified Stock Options do not give rise to a tax preference item subject to the alternative minimum tax.

#### *Shareholder Vote Required*

Approval of the amendment to the 1997 Plan requires the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

**RATIFICATION OF THE APPOINTMENT OF  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
(Proposal No. 4)**

The Audit Committee of the Board of Directors has appointed KPMG LLP, independent registered public accountants, as the auditors of the Company for the year ending December 31, 2005. Ratification of the selection of KPMG LLP is not required by law. However, as a matter of good corporate practice, our shareholders are being asked to approve this appointment. The affirmative vote of the holders of a majority of the votes cast at the 2005 Annual Meeting will be required to approve this appointment.

In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interest of the Company and its shareholders.

KPMG LLP has audited the Company's financial statements since 1997. Representatives of KPMG LLP will be at the Annual Meeting and will be available to respond to appropriate questions. They do not plan to make a statement but will have the opportunity to make a statement if they wish.

The Audit Committee pre-approves any engagement under which our independent registered public accounting firm provides audit or non-audit services to the Company. The authority to pre-approve services may be delegated to one designated member of the Audit Committee. If a designated member does pre-approve services, the approval is reported to the full committee at its next regularly scheduled meeting. During fiscal years 2004 and 2003, the Audit Committee pre-approved 100% of the audit and non-audit services provided by KPMG LLP.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE  
RATIFICATION OF THE APPOINTMENT OF KPMG LLP TO SERVE AS  
THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2005.**

#### **OTHER MATTERS**

As of the date of this Proxy Statement, the Board of Directors does not know of any other matters to be presented for action by the shareholders at the 2005 Annual Meeting. If, however, any other matters not now known are properly brought before the meeting, the persons named in the accompanying proxy will vote such proxy in accordance with the determination of a majority of the Board of Directors.

#### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Each Director, executive officer (and, for a specified period, certain former Directors and executive officers) and each holder of more than ten percent of a class of our equity securities is required to report to the SEC his pertinent position or relationship, as well as transactions in such securities, by certain specified dates. We believe that during 2004, all Section 16(a) filing requirements applicable to our executive officers and Directors have been complied with, except that William D. Yavorsky filed a Form 3 and a Form 4 late.

#### **DATE FOR SUBMISSION OF SHAREHOLDER PROPOSALS**

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, some shareholder proposals may be eligible for inclusion in the Company's 2006 Proxy Statement. Any such proposal must be received by the Company not later than December 16, 2005. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities law. The submission of a shareholder proposal does not guarantee that it will be included in the Company's Proxy Statement.

Alternatively, under the Company's bylaws, a proposal or nomination that a shareholder does not seek to include in the Company's Proxy Statement pursuant to Rule 14a-8 may be delivered to the Secretary of the Company not less than 60 days nor more than 90 days prior to the date of an Annual Meeting. In the event we provide notice

or public disclosure of the date of the Annual Meeting less than 60 days prior to the date of the Annual Meeting, shareholders may submit a proposal or nomination not later than the 10th day following the day on which we gave notice of the Annual Meeting date.

A shareholders' submission must include certain specific information concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of common stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at the Annual Meeting. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a shareholder.

**ADDITIONAL INFORMATION**

A copy of the Company's 2004 Annual Report accompanies this Proxy Statement. Our 2004 Annual Report includes a copy of our Annual Report on Form 10-K for the year ended December 31, 2004. The Company will provide, without charge, on the written request of any beneficial owner of shares of the Company's Common Stock entitled to vote at the Annual Meeting, an additional copy of the Company's Annual Report on Form 10-K as filed with the SEC for the year ended December 31, 2004. **NOTICE TO EXCHANGEABLE SHAREHOLDERS**

Our records show that you own exchangeable shares ("Exchangeable Shares") in the capital of Jaldi Semiconductor Corporation ("Jaldi"), a Canadian company. The Exchangeable Shares provide you with economic and voting rights which are, as nearly as practicable, equivalent to those of holders of shares of common stock of Pixelworks, Inc. ("Pixelworks" or "the Company"), the U.S. parent of Jaldi. These rights include the right to attend and vote at meetings of the common shareholders of Pixelworks. The Company will be holding an annual meeting (the "Annual Meeting") of its common shareholders on May 24, 2005 to:

1. Elect five directors to serve for the following year or until their successors are elected;
2. Amend Pixelworks' 1997 Stock Incentive Plan to prohibit repricing of options without shareholder approval;

3. Amend Pixelworks' 1997 Stock Incentive Plan to increase the number of shares available for grant under the plan;
4. Ratify the appointment of KPMG LLP as Pixelworks' independent registered public accounting firm for the current fiscal year; and
5. Transact any other business that properly comes before the meeting.

At such Annual Meeting you will have voting rights, as described below, equal to the number of Exchangeable Shares you hold. You are permitted to instruct CIBC Mellon Trust Company, the Trustee under the Voting and Exchange Trust Agreement, as to how the Trustee is to vote your Exchangeable Shares at the Annual Meeting of Pixelworks. If you do not give voting instructions, the Trustee will not be entitled to exercise the voting rights attached to your Exchangeable Shares. Alternatively, you may instruct the Trustee to give you, or a person designated by you, a proxy to exercise personally the voting rights attached to your Exchangeable Shares. To instruct the Trustee as to how you wish to exercise your voting rights, you must complete, sign, date and return the enclosed voting instruction card to the Trustee by 2:00p.m., Eastern Daylight Time on May 20, 2005. Whether or not you plan to attend, please sign, date and return the voting instruction card in the envelope provided in order to ensure that your Exchangeable Shares are represented at the Annual Meeting.

You have the right to revoke any instructions to the Trustee by giving written notice of revocation to the Trustee or by executing and delivering to the Trustee a later-dated voting instruction card. No notice of revocation or later-dated voting instruction card however, will be effective unless received by the Trustee prior to 2:00p.m., Eastern Daylight Time on May 20, 2005.

*Information Relating to Pixelworks*

Exchangeable Shares are exchangeable on a one-for-one basis for shares of common stock of Pixelworks and you, as a holder of Exchangeable Shares, are entitled to receive dividends from Pixelworks payable at the same time as, and equivalent to on a per-share basis, any dividends paid by Pixelworks to holders of its common stock. As a result of the economic and voting equivalency between the Exchangeable Shares and shares of common stock of Pixelworks, you, as a holder of Exchangeable Shares, will have a participating interest determined by reference to Pixelworks not Jaldi. Accordingly, it is information relating to Pixelworks that is relevant to you. Enclosed in this package are Pixelworks' Proxy Statement and Annual Report, which we urge you to read carefully.
